

Department: Health Department

Program Contact: Joan Rice

Program Offer Type: Support

Program Offer Stage: As Proposed

Related Programs: 40065, 40068

Program Characteristics:
Executive Summary

The Medical Records Program is responsible for the internal management of all of the Mental Health and Addiction Services Division's clinical records, including more than 75,000 adult and children's mental health and alcohol and drug client records, and Multnomah Mental Health records required by Oregon Administrative Rules.

Program Summary

Mental Health and Addiction Services Division (MHASD) Medical Records Unit ensures that mental health, alcohol and drug, and Multnomah Mental Health managed care records are maintained in accordance with federal and state laws and regulations, and county and departmental rules, policies, and procedures.

Program staff provide multiple client records services including: access; inventory; retrieval; billing and administrative rule compliance auditing; archiving; forms design and management; authorization/release of information; legal requests for records; data analysis; and technical assistance to community agencies and county staff.

In FY13, the Division implemented an electronic health record system (EHR). This required multiple process changes for the Records Unit and the Division. The Records Unit scans collateral documents, including historical and current documents, and attaches them to the client record in the EHR.

As the Local Mental Health Authority, MHASD is responsible for programs such as involuntary commitment, commitment monitor, trial visit and residential services. In FY16, these programs will require the creation of approximately 5,050 individual records. The MHASD programs where services are provided by county staff are expected to serve more than 1,000 individuals, each requiring a medical record.

Performance Measures

Measure Type	Primary Measure	FY14 Actual	FY15 Purchased	FY15 Estimate	FY16 Offer
Output	Count of record items processed annually plus scanned page count. ¹	401,617	250,340	397,314	397,300
Outcome	Percent of representative sample audited for compliance with Medicaid billing rules. ²	100%	100%	100%	100%

Performance Measures Descriptions

¹ Electronic Health Record (EHR) was implemented 2nd Quarter 2013. Some processing tasks have been eliminated while new ones such as scanning are now more accurately reported due to new, more reliable reports in the EHR.

² The Records Program auditing function changed from 100% to an audit sample in FY13. This enhancement was the result of report capabilities in the EHR. These audits are then analyzed by health information technicians.

Legal / Contractual Obligation

The following guidelines are utilized in monitoring MHASD compliance to federal, state and county rules and audits regarding client confidentiality and release of clinical records, record retention, responding to subpoenas and court orders for confidential client records and standards for clinical documentation: HIPAA, DSM IV "Diagnostics & Statistical Manual of Mental Disorders", Children's & Adult's State of Oregon Administrative Rules, Oregon Revised Statutes related to medical records & client confidentiality, State Archiving rules, CFR 42 Public Health, Chapter 1 Part 2, Public Law 94-142, Public Law 99-57, State of Oregon Mandatory Child Abuse Reporting Laws, Oregon Health Plan, Mental Health Organization Contract, Multnomah Mental Health HSO Policies & Procedures, Practice Guidelines of the American Health Information Management Association, and Centers for Medicare and Medicaid billing regulations.
