Executive Summary

Multnomah County strives to provide comprehensive crisis services to the whole community. Therefore, it is imperative that we support and offer varying levels of care and services to individuals. This includes ensuring that uninsured individuals, who are likely the most marginalized and at risk, have access to sub-acute services to address behavioral health crises. Multnomah County contracts with local sub-acute provider, Telecare Corp, to ensure that the Crisis Assessment and Treatment Center (CATC) provides services to the entire community. The county funds three beds (of their sixteen total) to support uninsured or underinsured individuals. CATC provides short term (under 30 days per OAR) wrap-around services including access to Peers, medication management, and physical and mental health supports in a secure environment.

Program Description

CATC Subacute is a 24 hour, 7 day a week, short-term stabilization program for those individuals who require a secure alternative to incarceration or hospitalization due to a mental health crisis. It is a critical component in a full continuum of mental health services with the mission of providing a non-hospital based secure environment for those at risk of harm to themselves or others due to mental illness. The program services adults, 18 years of age and older, who have been diagnosed with a serious mental illness who are residents of Multnomah County. Although length of stay may vary, individuals not under civil commitment statutes can not exceed 30 days without a variance. Throughout their stays individuals are connected to programmatic support internally and externally in order to support discharge and decrease the likelihood of requiring a higher level of care or experiencing a negative consequence of hospitalization (loss of housing, services, financial stability, etc). Peer Support Specialists are an integral part of the CATC model and provide comprehensive support to individuals in care.

Multnomah County funds two beds at CATC in order to ensure that the uninsured and/or underinsured have access to this valuable resource. Individuals are referred by a behavioral health provider in order to access the services and these referrals are processed through the Multnomah County Behavioral Health Call Center (BHCC) By processing these referrals the BHCC can assist with prioritization and advocacy of the most vulnerable and at risk members of the community. The BHCC also works closely with other service providers including crisis services, Respite, and local Emergency Departments to assist individuals in crisis in accessing the correct level of support and potential stepping down or up through services as needed.

Performance Measures

Measure Type	Performance Measure	FY23 Actual	FY24 Budgeted	FY24 Estimate	FY25 Target
Output	Number of admissions that are Non-HSO Members (Non Medicaid members)	21	25	25	25
Outcome	Percentage of individuals discharged from CATC to a lower level of care	94%	95%	95%	95%
Outcome	Percentage of BIPOC community member access to Non Medicaid "CMHP" admissions.	26.5%	10%	20%	20%

Explanation of Revenues

Significant Program Changes

Last Year this program was: FY 2024: 40070 Mental Health Crisis Assessment & Treatment Center (CATC)

During FY 2024 we transitioned to funding only two CATC beds from three.
