**Executive Summary**

The Northstar Clubhouse, a peer-run supported employment program offering employment, wellness and administrative support to adults with mental illness who are seeking employment is supported by this program which utilizes County, federal, state, other local and federal Substance Use and Mental Health Services Administration (SAMHSA) funding. Additional funding comes from the CCO, private foundations and in-kind donations.

**Program Description**

This program offer funds the operating costs and positions for the peer-run supported employment center, which is a nationally certified clubhouse model center, a fidelity based model. Continued funding through this offer ensures that the staff and program can continue to meet the fidelity standards required for Certification and continue to engage in diversity and equity initiatives, including data collection and reporting (ie new referral demographic data is captured). Of the persons served by this program, 13% were from Black, Indigenous and People of Color ( BIPOC) communities. Certification requires that the peer-run entity meet a defined standard of service delivery. Peer-run supported employment provides encouragement and assistance for individuals who live with a mental illness in securing continuing education, employment, volunteer opportunities and advocating for reasonable accommodations. Northstar partners with a range of culturally specific programs and communities to develop inclusive, trauma informed and equitable practices that encourage people of many backgrounds to engage in the Clubhouse community.

The World Health Organization in their Health Impact Assessment and the Robert Wood Johnson Foundation have both endorsed increased education and employment as determinants of good health. This program provides the opportunity for those who live with mental illness to pursue both educational and employment opportunities
