**Program Characteristics:**

**Executive Summary**

This program includes Mental Health Residential Services with 501 beds of Housing. Residential treatment programs include: Secure Residential Treatment Facilities (SRTFs), Residential Treatment Homes (RTHs), Adult Foster Care Homes (ACHs) and a range of semi-independent supported housing programs. Transitional Housing serves approximately 136 individuals who require assistance obtaining permanent housing while addressing their mental health needs. Transitional housing provides short-term stable housing to decrease the likelihood that they will need crisis & acute services.

**Program Summary**

Residential Services provide mental health residential treatment to persons who suffer from severe mental illness, and who require structured care, foster care, and mental health rehabilitative services. Primary populations served include those who are state Choice Model-eligible and those who are under the jurisdiction of the Psychiatric Security Review Board. In some instances clients meet neither criteria, but their mental illness prevents them from functioning safely in the community.

The Residential Services Team oversees approximately 78 residential programs in Multnomah County and approximately 501 clients. This includes 6 Secure Residential Treatment Programs, 33 Residential Treatment Homes/Facilities, 30 Adult Care Homes, 2 Crisis/Respite Programs, and 7 Supportive Housing Programs. Residential Services manages the development of new Adult Care Homes that serve clients who qualify for mental health residential services. In 2018, the program developed placements in 12 new Adult Care Homes.

Residential Services staff provides regulatory oversight to licensed residential treatment programs, monitoring and supporting the treatment programs' compliance with OARs. Residential staff also provides monitoring, oversight and technical/clinical consultation to treatment programs in the areas of client health, safety and welfare. This typically occurs in the context of scheduled and unscheduled consultation, problem-solving, participation in client staffings, review of appropriateness of unplanned discharges, and monitoring and enforcement of client rights. As a part of oversight of safety, health and welfare, Residential Services is responsible for review of program incident reports, referral to protective services where appropriate, and for conducting Critical Incident Reviews with providers.

As the a designee of the CMHP, Residential Services is responsible for monitoring and responding to denials to program waitlists and client terminations from residential programs. Appeals to these denials are submitted to the Residential Supervisor for a determination. In its role as the regulatory arm of the state, Residential Services also assists state licensors with licensure inspections and quality audits of programs.

**Performance Measures**

Measure Type	Primary Measure	FY18 Actual	FY19 Purchased	FY19 Estimate	FY20 Offer
Output	# of New Residential Services Referrals <sup>1</sup>	351	360	350	350
Outcome	% of County Residential Services referrals placed <sup>2</sup>	41%	35%	35%	35%

**Performance Measures Descriptions**

<sup>1</sup> This measure indicates the gap between the number of existing residential treatment beds and the number of referrals for placement.

<sup>2</sup> OAR changes have impacted gatekeeping responsibilities of the County resulting in lower County placement percentages for in-county residential programs that are statewide resources.
