**Program Characteristics:**

**Executive Summary**

Mental Health Residential Services (RS) provides health and safety oversight to residential programs that house 638 individuals in Multnomah County. RS programs include: Secure Residential Treatment Facilities (SRTF), Residential Treatment Homes (RTH), Adult Care Homes, and a range of supportive/supported housing. These units provide stability, thereby decreasing the likelihood that participants will need acute care services or become houseless. In addition, RS hosts monthly trainings for residential providers, cultivating a learning environment on topics such as mental healthcare, ancillary supports, system navigation, and changes to/interpretation of Oregon Administrative Rule (OAR). Daily, RS engages providers regarding resident admissions/evictions to address bias, racism, and culturally responsive treatment needs.

**Program Description**

The Residential Services (RS) program provides regulatory, health and safety oversight, and technical assistance to designated residential mental health programs, as governed by the 309-035 OARs. Services are provided through the use of clinical consultations, problem solving, participation in client interdisciplinary team meetings, review of appropriateness of unplanned discharges, and monitoring and enforcement of client rights. RS staff also participate in audits and licensing reviews, led by OHA's Health Systems Division. The RS team participates in monthly diversity, equity and inclusion discussions to better understand and take action against systemic racism, and how to support equitable outcomes for Black, Indigenous and People of Color (BIPOC) and other marginalized groups. RS oversees approximately 90 residential programs, with approximately 639 clients, that include Secure Residential Treatment Programs, Residential Treatment Homes/Facilities, Adult Care Homes (ACH), Crisis/Respite Programs, and Supportive Housing Programs. RS reviews and responds to ~15,200 incident reports completed by residential programs, and partners with Quality Management (QM) who conduct Root Cause Analysis as needed. RS supports the development of new mental health ACHs and the creation of new placement opportunities. While RS brought on five new ACHs in 2022, three ACHs were lost from the provider network due to retirements, billing issues and lack of work/life balance. In FY23, RS provided 18 provider-wide trainings, ranging on topics such as Trauma Informed Care and Referrals, Admissions & OARs. While the primary population served in RS programs are Choice Model eligible (diagnosis of severe persistent mental illness, under civil commitment and/or admitted to the Oregon State Hospital, OSH), RS also serves those who are under the jurisdiction of the Psychiatric Security Review Board (PSRB) and those receiving community restoration services under Aid and Assist orders. Individuals who meet admission criteria for residential placement, but are not served by either Choice Model or the PSRB are referred to licensed residential programs through the RS program, referred to as CMHP placements (26 in FY23).
