

Division: Behavioral Health

Program Characteristics:

Program Description

As the Community Mental Health Program, the Division is responsible for supporting a system of locally available, effective safety net services, including the Adult Addiction Treatment Continuum. It serves over 3,000 uninsured or underinsured adult County residents (at or below 200% poverty) annually with Substance Use Disorder (SUD) treatment and recovery support services. Services include residential treatment, intensive outpatient treatment with supported housing, outpatient treatment, outreach, recovery mentoring, and recovery support (including links to housing, basic needs, and prosocial activities).

The primary program goal is establishing a path to recovery and well-being for those with SUD. These services have broad positive impacts across county systems (criminal justice, child welfare, healthcare) and at the interpersonal, family, and community levels, resulting in reduced jail recidivism, decreased infectious disease transmission, lower crisis system utilization, and strengthened family bonds. Our adult continuum promotes treatment engagement, recovery, and a return to a healthy lifestyle by addressing the negative consequences of problematic substance use and teaching prosocial alternatives. Treatment and recovery providers utilize clinical therapy, skill building, and peer-delivered services, and also address self-sufficiency needs such as parenting, stress management, housing, independent living, employment, and referrals for physical and mental health issues.

Equity Statement

The continuum of treatment and recovery support includes culturally-specific and culturally responsive programming, utilizing staff with lived experience with demonstrated success working with the diverse populations being served, including: communities of color; people living with HIV; Lesbian, Gay, Bisexual, Transgender, Queer, Intersex, Asexual, and Two-Spirit individuals; women; and parents whose children live with them while they are in residential treatment.

Revenue/Expense Detail

	2026 General Fund	2026 Other Funds	2027 General Fund	2027 Other Funds
Personnel	\$575,887	\$420,720	\$776,326	\$449,506
Contractual Services	\$1,731,384	\$9,813,044	\$1,181,156	\$9,767,194
