

**Program #40085C - Adult Addictions Treatment Continuum: Culturally Specific, Justice Involved Addictions Benefit Coord** 3/2/2021

**Department:** Health Department **Program Contact:** Anthony Jordan

**Program Offer Type:** Innovative/New Program **Program Offer Stage:** As Requested

**Related Programs:**

**Program Characteristics:** Out of Target

**Executive Summary**

This program (ABC) serves over 3,000 individuals per year and consists of a continuum of adult Substance Use Disorder (SUD) treatment and recovery support services for adult Multnomah County residents. Services include: residential treatment, intensive outpatient treatment with supported housing, outpatient treatment, outreach/engagement, recovery mentoring, and recovery support (including linkages to housing support, pro-social/drug-free activities, basic needs support, etc).

**Program Summary**

Substance use disorders impact many of the County’s services, particularly including the criminal justice system. While the overall goal of treatment is to promote an individual path to recovery and well-being, additional positive impacts are experienced at the interpersonal, family, and community levels, such as: reduced recidivism rates, reduced infectious disease transmission rates, reduced crisis system utilization, and strengthening of family bonds and reunification. This position will collaborate with DCJ (Department of Community Justice) to receive referrals from individuals that are both justice involved and facing addiction challenges. It will offer culturally specific support to the African American/Black community.

The adult continuum supports treatment engagement, recovery, and a return to a healthy lifestyle. Treatment and recovery services address the negative consequences of alcohol and other drug misuse; target specific issues that are barriers to recovery; and teach prosocial/drug-free alternatives to addictive behaviors through clinical therapy (individual and group based), skill building, and peer-delivered services. Treatment and service providers also address self-sufficiency needs through support with parenting skills, stress and anger management, housing issues, independent living skills, referrals for physical and mental health issues, employment services, and pro-social activities that build community and support for a drug-free lifestyle.

Treatment and recovery support services are delivered throughout Multnomah County by a network of state licensed community providers and peer run agencies. These providers are culturally competent and many have bilingual staff. The continuum of treatment and recovery support includes culturally responsive programming for specific populations, including: communities of color, people living with HIV, LGBTQ+ individuals, women, and parents whose children live with them while they are residential treatment.

**Performance Measures**

Measure Type	Primary Measure	FY20 Actual	FY21 Budgeted	FY21 Estimate	FY22 Offer
Output	Percentage of clients served by this position who identify as African American/Black			60%	
Outcome	Number of unique individuals served by this position		150
