Executive Summary

The Alcohol and Drug Prevention Education Program (ADPEP) uses Federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds to address risk and protective factors for youth substance use that can lead to alcohol, tobacco and drug abuse and addiction. These State-funded efforts include prevention education, youth leadership activities, and support for schools and parents. With the prevention grant program now transitioned to the Oregon Health Authority's Public Health division, new emphases on tobacco prevention and environmental strategies have been introduced.

Program Summary

Beginning in FY18, Multnomah County's State-funded substance abuse prevention program refocused to begin a pilot prevention program offering services to schools, community organizations, parents and other groups. The key focus is to address alcohol and marijuana use among youth and young adults. Priorities include increasing capacity for prevention in schools, convening stakeholders to assess needs, and offering prevention activities at school sites and organizations serving youth and parents. Year 1 activities include conducting key informant interviews and parent focus groups, partnering with local coalition efforts, and starting to offer prevention activities and classes.

The goal for FY19 (Year 2 of the pilot program) will be to identify additional schools and community programs seeking prevention programming and support for youth, parents and staff. Depending on identified needs within participating schools, prevention programming may include introducing evidence-based prevention curricula, student groups, campus-wide leadership initiatives and early intervention and referrals; offering positive youth activities (that include skill-building, health promotion, etc.); and providing presentations and educational materials at parent/family events. These prevention strategies can also be delivered to community-based groups and venues.

The prevention program became ADPEP -- the Alcohol and Drug Prevention Education Program -- when the Oregon Health Authority (OHA) moved the SAPT block grant program to its Public Health Division/Health Promotion and Chronic Disease Prevention unit. The Multnomah County 2017-19 Biennial ADPEP Local Plan now includes a tobacco policy strategy following up on the new "T21" law raising the minimum legal age to purchase tobacco in Oregon to 21. ADPEP will work with the County Public Health Tobacco Prevention Education Program (TPEP) to engage in T21 education and outreach emphasizing that it is no longer legal for tobacco or inhalant delivery systems to be purchased by 18-20 year olds.

Performance Measures

Measure Type	Primary Measure	FY17 Actual	FY18 Purchased	FY18 Estimate	FY19 Offer
Output	Adults and youth served by substance abuse prevention services and programming ¹	NA	NA	100	275
Outcome	Prevention activity attendees/participants with improved awareness and/or educational outcomes ¹	NA	NA	75%	75%

Performance Measures Descriptions

¹ FY18 output and outcome measures will ultimately reflect prevention programming requested by participating schools, community organizations and other prevention partners. FY17 actual and FY18 purchased outcome measures are not applicable (NA) because they are incompatible with the new FY18 and FY19 offer outcomes, and were based on previous program goals before the program transition to the new pilot project.

Legal / Contractual Obligation

Contractual obligation: This program is funded with federal substance abuse prevention resources and state general funds through a State Oregon Health Authority (OHA) Public Health Intergovernmental Grant Agreement. Program plans are developed and submitted in accordance with State and Federal grant requirements. Because Multnomah County accepts the OHA Public Health revenue agreement, we are obligated to spend funds in accordance with its terms referencing applicable Oregon Administrative Rules, and/or any service elements to be determined.

Significant Program Changes

Last Year this program was: FY 2018: 40087 Addiction Services Alcohol & Drug Prevention

The substance abuse prevention program has focused its services to help build prevention capacity and offer prevention programming to schools and communities. Now funded through the Oregon Health Authority's Public Health Division Health Promotion and Chronic Disease Prevention unit, the Alcohol and Drug Prevention Education Program (ADPEP) is transitioning to include more environmental strategies as well as tobacco prevention strategies.
