Executive Summary

The Alcohol and Drug Prevention Education Program (ADPEP) uses Federal Substance Abuse Prevention and Treatment (SAPT) Block Grant funds to address risk and protective factors for youth substance use that can lead to alcohol, tobacco, other drug addiction. These State-funded efforts include prevention education, youth leadership activities, and support for schools and parents. With the prevention grant program now transitioned to the Oregon Health Authority's Public Health division, new emphases on tobacco prevention and environmental strategies have been introduced.

Program Summary

Beginning in FY18, Multnomah County's State-funded substance abuse prevention program refocused to begin a pilot prevention program offering services to schools, community organizations, parents and other groups. The key focus is to address alcohol and marijuana use among youth and young adults. Priorities include increasing capacity for prevention in schools, convening stakeholders to assess needs, and offering prevention activities at school sites and organizations serving youth and parents. Year 1 activities include conducting key informant interviews and parent focus groups, partnering with local coalition efforts, and starting to offer prevention activities and classes.

The goal for FY20 (the first year following the pilot) will be to identify additional schools and community programs seeking prevention programming and support for youth, parents and staff. Depending on identified needs within participating schools, prevention programming may include introducing evidence-based prevention curricula, student groups, campus-wide leadership initiatives and early intervention and referrals; offering positive youth activities (that include skill-building, health promotion, etc.); and providing presentations and educational materials at parent/family events. These prevention strategies can also be delivered to community-based groups and venues.

The prevention program became ADPEP -- the Alcohol and Drug Prevention Education Program -- when the Oregon Health Authority (OHA) moved the SAPT block grant program to its Public Health Division/Health Promotion and Chronic Disease Prevention unit. The Multnomah County 2017-19 Biennial ADPEP Local Plan now includes a tobacco policy strategy following up on the new "T21" law raising the minimum legal age to purchase tobacco in Oregon to 21. ADPEP will work with the County Public Health Tobacco Prevention Education Program (TPEP) to engage in T21 education and outreach emphasizing that it is no longer legal for tobacco or inhalant delivery systems to be purchased by 18-20 year olds.

Performance Measures					
Measure Type	Primary Measure	FY18 Actual	FY19 Purchased	FY19 Estimate	FY20 Offer
Output	Adults and youth served by substance abuse prevention services and programming ¹	527	275	425	425
Outcome	Prevention activity attendees/participants with improved awareness and/or educational outcomes ¹	80%	75%	75%	75%

Performance Measures Descriptions

FY20 output measures will reflect prevention programming across the community. FY20 outcome measures will be determined by evaluation measures including, but not limited to, pre-and post tests, surveys, and interviews in collaboration with participating schools, community organizations and other prevention partners.

Legal / Contractual Obligation

Contractual obligation: This program is funded with federal substance abuse prevention resources and state general funds through a State Oregon Health Authority (OHA) Public Health Intergovernmental Grant Agreement. Program plans are developed and submitted in accordance with State and Federal grant requirements. Because Multnomah County accepts the OHA Public Health revenue agreement, we are obligated to spend funds in accordance with its terms referencing applicable Oregon Administrative Rules, and/or any service elements to be determined.

Significant Program Changes

Last Year this program was: FY 2019: 40087-19 Addiction Services Alcohol & Drug Prevention

The substance abuse prevention program has focused its services to help build prevention capacity and offer prevention programming to schools and communities. Now funded through the Oregon Health Authority's Public Health Division Health Promotion and Chronic Disease Prevention unit, the Alcohol and Drug Prevention Education Program (ADPEP) is including more environmental strategies as well as tobacco prevention strategies. This is the final year of the pilot, and a request for programmatic qualifications will be released in Spring 2019.
