Executive Summary

This program provides a continuum of services for youth in outpatient and residential addictions treatment and in early recovery, with culturally-specific outpatient services which target high-risk minority youth. It also provides alcohol/drug-free supportive housing resources for families headed by adult parent(s) who are in early addiction recovery. In FY15, a minimum of 90 families will receive housing supports in recovery-focused housing communities.

Program Summary

Youth alcohol and drug treatment focuses on the developmental issues of youth up to age 18 to intervene in the immediate and long-term consequences of substance abuse. Our youth treatment continuum reflects collaboration with schools and juvenile justice, providing engagement services, outpatient and residential treatment services for uninsured, and recovery supports. Youth healthcare coverage -- with benefits including addictions treatment -- is now at a very high rate. Contracting with providers for services funded through a global/flexible budget allows the County to continue to provide core treatment for those few uninsured youth, as well as enrich an expanded continuum of services supporting treatment enrollment and completion.

Because most youth are now insured, with most core treatment services paid by public (Medicaid) or private insurance, our offer focuses on engagement and recovery wraparound supports which Medicaid does not cover, and should result in increased treatment access and strengthened recovery outcomes. We retain the ability to fund treatment for those uninsured youth through age 18 whose families' income is less than 200% of Federal Poverty Level. While outpatient services are most common, some youth need a higher level of care and youth residential treatment addresses the needs of some of the most vulnerable and at-risk county adolescents, a subset of whom have significant mental health issues.

The Family Alcohol and Drug-Free Network (FAN) is a collaboration of community providers and includes 89 units of Central City Concern long-term transitional housing for families who are rebuilding their lives following the devastation of their addictions. These housing communities provide a clean, safe and sober living environment in which parents can raise their children while new recovery principles are reinforced. This offer funds an array of services aligned for FAN families, which include rent assistance, family mentoring, and housing case management. Goals focus on supporting the sobriety and recovery of the parent(s); family retention or reunification in cases of child welfare involvement; building family stability, economic self-sufficiency, healthy community involvement; and eventual success in permanent housing.

Performance Measures

Measure Type	Primary Measure	FY14 Actual	FY15 Purchased	FY15 Estimate	FY16 Offer
Output	Number of households that received rent assistance	97	62	90	90
Outcome	Exiting families that move into long-term permanent housing	58%	52%	52%	52%
Output	Number of families that received housing coordination services	132	105	120	105

Performance Measures Descriptions

The performance measures shown above are consistent with measures attached to these funds by the State, and based on provider quarterly reports submitted to the State via the County. State funds to staff housing coordination were reduced in the current biennium, impacting support to families seeking employment and affordable permanent housing.

Legal / Contractual Obligation

Contractual obligation: This program is funded with federal substance abuse prevention and treatment resources and state general funds through the State Oregon Health Authority (OHA) Addictions and Mental Health Division (AMH) contract. Because Multnomah County accepts the State Mental Health Grant, we are obligated to spend funds in accordance with regulations regarding State Service Elements. Additionally, Local 2145 Beer & Wine tax revenues are provided to counties on a dedicated formula basis and are restricted to use for alcohol & drug services.
