**Executive Summary**

This program provides a continuum of services for youth in outpatient, residential, early recovery, and culturally-specific outpatient addiction treatment services. Additionally, this program provides alcohol/drug-free supportive housing resources for families of adult parent(s) who are in addictions treatment. Annually, approximately 90 families receive housing supports in family-focused recovery housing communities.

**Program Summary**

A 2015 report from the Center for Behavioral Health Statistics and Quality cites the fact that around 37,000 adolescents in Oregon (almost 13% of the total adolescents) per year report using illicit drugs. Youth alcohol and drug treatment focuses on the developmental issues of youth, to mitigate the immediate and long-term consequences of substance abuse. Our youth treatment continuum reflects collaboration with schools, juvenile justice, and a network of community-based treatment and recovery support providers. This collaborative network provides outreach/engagement services, outpatient treatment, residential treatment, and recovery support services for youth and families with an income at or less than 200% of Federal Poverty Level.

The Family Alcohol and Drug-Free Network (FAN) is a collaboration of community providers supporting families in 89 units of Central City Concern long-term transitional housing. FAN provides a clean, safe and sober living environment in which parents can raise their children while in a recovery supported environment. FAN offers families an array of services, including: rent assistance, family mentoring, and housing case management. Goals focus on supporting the sobriety and recovery of the parent(s); family reunification in cases of child welfare involvement; supports to enhance family stability, economic self-sufficiency, pro-social/ drug-free relationships and community involvement; and placement in permanent housing. The FAN Housing Coordination program helps those families in early recovery as they transition from residential treatment to locate suitable Alcohol and Drug Free Communities (ADFC) recovery-focused housing, as well as providing assistance with housing maintenance and referrals to other supportive resources. Access to this supportive ADFC housing in turn lays a foundation for families' future self-sufficiency and ability to obtain permanent housing. FAN Rent Assistance provides payment of rent and associated expenses inclusive of deposits, move-in costs, and utilities.

Altogether, the services embedded within the family and youth addictions treatment continuum are vital to serving youth and families, many of whom struggle with a myriad of challenges such as trauma histories, dual diagnoses, generational cycles of poverty, incarceration, and fragmented family structures among other difficulties.

**Performance Measures Descriptions**

The performance measures shown above are consistent with measures attached to these funds by the State, and based on provider quarterly reports submitted to the State via the County. State funds to staff housing coordination were reduced in the current biennium, impacting support to families seeking employment and affordable permanent housing. Measures 1 & 3 were adjusted for FY19 to accurately reflect expectations.
