Executive Summary

This program provides a continuum of services for youth in outpatient, early recovery, and culturally-specific services including outpatient addiction treatment services and culturally specific African American and Latino outreach/engagement services. Additionally, through December 2021, this program provides approximately 100 families annually with alcohol and drug-free supportive housing resources for families with adult parent(s) who are in Substance Use Disorder (SUD) treatment.

Program Summary

The Oregon Health Authority reports that most substance use disorders (SUD) begin before age 25. Studies show that for adolescents (ages 12-17) and young adults (ages 18-25), frequent marijuana use is associated with opioid misuse, heavy alcohol use, and depression. Our youth treatment continuum is a collaboration with schools, juvenile justice, and a network of community-based treatment and recovery support providers. This collaborative network provides outreach/engagement services, outpatient treatment, residential treatment, and recovery support services for youth and families with an income at or less than 200% of Federal Poverty Level.

The Family Alcohol and Drug-Free Network (FAN) is a collaboration of community providers supporting families in 89 units of long-term transitional and scattered site housing. FAN provides a clean, safe and sober living environment in which parents can raise their children while in a recovery supported environment. FAN offers families an array of services, including: rent assistance, family mentoring, and housing case management. Goals focus on supporting the sobriety and recovery of the parent(s); family reunification in cases of child welfare involvement; supports to enhance family stability, economic self sufficiency, pro-social/ drug-free relationships and community involvement; and placement in permanent housing. Effective January 1, 2022, OHA began contracting directly with the provider. This brief description remains to allow inclusion of output and Outcome measures for FY22, but there will be no county funded FAN activities in FY23.

Performance Measures

Measure Type	Primary Measure	FY21 Actual	FY22 Budgeted	FY22 Estimate	FY23 Offer
Output	Number of households that received rent assistance	131	102	127	102
Outcome	Exiting families that move into long-term permanent housing	81	75	75	75
Output	Number of families that received housing coordination services	131	104	125	104
Output	Unique indigent youth served in outpatient services (un-insured or underinsured & at/below 200% poverty level)	52*	77	53*	50

Performance Measures Descriptions

Measures 1-3 note: FY22 estimates are based on 6 months data. Due to OHA contracting directly with FAN providers as of January 1, 2022, these measures will be removed in future program offers. Measure 4 note: There are two primary data sources for this output: 1) encounter data for fee-for-service treatment services and 2) outreach/ engagement reports. The outreach/engagements data was only included this year if there was a specific individual client name included.

Legal / Contractual Obligation

This program is funded with federal substance abuse prevention and treatment resources and state general funds through the State Oregon Health Authority (OHA). Because Multnomah County accepts the State Mental Health Grant, we are obligated to spend funds in accordance with regulations regarding State Service Elements. Additionally, Local 2145 Beer & Wine tax revenues are provided to counties on a dedicated formula basis and are restricted to use for alcohol & drug services.

Significant Program Changes

Last Year this program was: FY 2022: 40090 Family & Youth Addictions Treatment Continuum

Effective 1/1/22, OHA contracts directly with the provider of FAN services. FAN was included in this program offer through FY22 and will not continue in FY23. A downward trend in service numbers has been noted in recent years as the majority of youth now have insurance coverage under the Oregon Health Plan. As such, our priority has shifted from funding treatment to outreach and engagement services as well as supportive services to fill existing service system gaps that are not covered by insurance, yet vital to youth treatment and recovery success. Pandemic impacts to SUD providers: staff shortages; quarantines; service/program disruption & staffing gaps; operating at reduced censuses due to social distancing; pauses of client intakes due to COVID cases among staff/clients; transitions between in-person/telehealth/hybrid services as the pandemic shifts; changes to operational workflows, policies, and protocols; etc.
