Executive Summary

The Family Involvement Team (FIT) for Recovery program is a collaborative effort with Department of Human Services/Child Welfare, alcohol and drug treatment providers, social service agencies, and the Family Dependency Court. In FY14, the FIT for Recovery program connected 551 clients with addictions treatment as expeditiously as possible and provided enhanced services to assist clients to successfully complete treatment and maintain recovery.

Program Summary

The FIT for Recovery Core Team, housed at the Family Dependency Court, along with Volunteers of America outreach and clinical staff works with Child Welfare parents and their children until they enter addictions treatment. Other team members, located at the five treatment providers, begin working with the parents and their children once the parent and/or the parent and child enter treatment. In addition to addiction treatment, staff at the treatment agencies provide the family with support services including case management, family therapy, and Family Recovery services to assist the client to remain successful in treatment. By accepting services, parents are demonstrating to the State Department of Human Services (DHS) Child Welfare that they recognize that drugs or alcohol are affecting their abilities to parent effectively and are willing to take steps to become effective parents. FIT partners include: DHS Child Welfare, Family Dependency Court, LifeWorks NW, Cascadia, NARA, Central City Concern, Volunteers of America, Morrison Center and CODA.
