Executive Summary

Integrated Clinical Services (ICS) is the largest Federally Qualified Health Center (FQHC) in Oregon, providing high-quality, patient-centered health care and related services to communities across Multnomah County. Rockwood Community Health Clinic provided comprehensive, culturally appropriate primary care and behavioral health services to 3790 patients this year.

By acquiring and renovating the Rockwood Community Health Center, Multnomah County will maintain a presence and continue to build capacity for high quality healthcare services directly in the Rockwood community.

Program Summary

The Health Center welcomes all county persons, regardless of insurance status, ability to pay, or documentation status. Our health center prioritizes culturally and linguistically appropriate care, supporting patients in a way that works for them. Over 60% of our patients identify as people of color, and more than 40% are best served in a language other than English, including more than 100 different languages. Nearly 15% of our patients have no insurance, and 95% of our clients live below 200% of the Federal Poverty Guideline. All programs within ICS are committed to improving health outcomes, reducing health disparities and ensuring affordable, quality access to healthcare.

Rockwood Community Health Clinic (RCHC) is a Patient-Centered Medical Home (PCMH). This model includes reducing barriers to access, integration of behavioral health services, providing continuity and coordination of services, and collaboration with community partners. RCHC provides comprehensive, culturally appropriate services that include:

- Primary care services, including treatment of acute and chronic illnesses, behavioral health, family planning, prenatal and preventive services (well child, immunizations)
- Integrated pharmacy and lab services
- Wraparound services: Medicaid eligibility screening, medical interpretation, transportation, case management & health education.

Multnomah County currently leases the Rockwood Community Health Center site from Care Oregon. This location is a key access point for comprehensive primary care, dental, and pharmacy services. The Rockwood community also represents a culturally and linguistically diverse population, with more than 64% of patients identifying as a Black, Indigenous, and/or Person of Color. The demand for safety net and Medicaid services remains stable in this community; approximately 15,000 low income community members report not having a usual source of healthcare. Care Oregon and Multnomah County are currently working to design a transfer of the property so that the County may directly own and maintain the building space. To assure that the space may continue to provide the highest quality experience for patients, this program offer would support repairs and building improvements identified for the facility.
