**City of Fairview**

**26-222 Fairview Charter Amendment Creating City Manager Position**

**Question:** Shall Fairview revise its Charter concerning the chief administrator's title and setting out details of that position in the Charter?

**Summary:** This measure would revise the Charter to change the title of the administrative head of the City from City Administrator to City Manager and specify the duties of the position in more detail.

Currently, the City's administrative head is titled "City Administrator." The proposed Charter language changes the title from City Administrator to City Manager but retains the current form of government with a mayor and six councilors who appoint and remove the City Manager.

The proposed Charter language also sets out how the City Manager is appointed and removed; that their appointment must be based on education and experience; and also contains specific duties the position must perform. Currently, the duties of the City Administrator are set out in the Fairview Municipal Code, which can be revised by the Council without voter approval.

If this measure is adopted, future changes to the City Manager Charter provisions will require voter approval through a Charter amendment. The proposed Charter language is based on the League of Oregon Cities Model Charter.
