Executive Summary

The Department of Community Justice (DCJ) Business Services provides administrative and business services to the Department through exercising sound, accurate and transparent financial management.

Program Summary

DCJ is funded by a variety of federal, state, local and other grant sources. A primary responsibility of Business Services is to integrate these resources to develop a balanced budget that meets Oregon Budget Law, County policies, and the accounting practices established by the County's Chief Financial Officer. Business Services ensures that the Department's budget adequately supports operations and aligns with the programs authorized by the Board of County Commissioners.

DCJ Business Services include budget development, analysis and tracking, administration of the Department's budget and numerous revenue streams, financial policy development and oversight, grants financial oversight, accounts receivable, accounts payable, medical billing, travel and training, procurement and contract development, and administration support.

Business Services also continually monitors departmental spending throughout the budget cycles so that spending occurs within designated spending limits. This area also sees that cash handling and accounting are closely monitored, ensures compliance with grant financial requirements, that contracts meet County Attorney standards and provide legal authority to procure goods and services for the programs. Business Services participates in cross-county teams such as the County Operations Council, Purchasing/Contract Committees and the Finance Users Group.
