Executive Summary

Adult Services Management (ASM) provides leadership and direction for the supervision of over 13,000 adult offenders in the community annually. It is responsible for implementing evidence-based practices, managing risk, creating service standards, coordinating with public safety partners and ensuring the safety of department staff who supervise adult offenders.

Program Summary

Adult Services Division managers are responsible for regulating policy, maintaining quality services and implementing evidence-based and core correctional practices that reduce crime. They partner with other public safety representatives through the Local Public Safety Coordinating Council, Criminal Justice Advisory Council, Oregon Association of Community Corrections Directors, and Oregon Department of Corrections (DOC). This program offer supports critical oversight and leadership for our adult services staff to achieve reductions in recidivism.

Our priority is to focus resources on the highest risk and highest need offenders; the Department is utilizing the latest and most effective assessment tools that 1) guide supervision by identifying criminogenic risk and need factors, and 2) help develop case plans that reduce re-offending. Establishing a good relationship with the offender and then providing the offender with structured directions are key factors to reducing recidivism (Andrews & Bonita, 2006) In the coming year; ASM will focus on maintaining the PPO and offender relationship, basing case management decisions on the principles of risk, need and responsivity while ensuring proper assessment and referral in the direction of building resource capacity as we continue to move towards reducing recidivism rates associated with high risk offenders.
