Executive Summary

Adult Services Management (ASM) provides leadership and direction for the supervision of approximately 12,000 justice involved adults in the community annually. It is responsible for implementing evidence-based practices, managing risk, creating service standards, coordinating with public safety partners and ensuring the safety of department staff who supervise justice involved adults.

Program Summary

Adult Services Division (ASD) managers are responsible for regulating policy, maintaining quality services and implementing evidence-based and core correctional practices that reduce crime. They partner with other public safety representatives and community stakeholders through the Local Public Safety Coordinating Council, Criminal Justice Advisory Council, Oregon Association of Community Corrections Directors, and Oregon Department of Corrections (DOC). This program offer supports critical oversight and leadership for our adult services staff to achieve reductions in recidivism.

Our priority is to focus resources on the highest risk and highest need individuals. The Department is utilizing current and evidence based assessment tools that:

- 1) guide supervision by identifying criminogenic risk and need factors, and
- 2) help develop case plans that reduce risk to re-offend.

Establishing a good relationship with the justice involved adults and then providing them with structured directions are key factors to reducing recidivism (Andrews & Bonita, 2006). In the coming year, ASD will focus on maintaining evidence-based practices including specialized assessment tools and cognitive behavioral intervention programming, utilizing case management strategies that provide individuals the opportunity to change by addressing factors which research has shown to reduce criminal behavior (National Institute of Corrections, 2017)
