Executive Summary

The Assessment and Referral Center (ARC) combines in-custody interviews, Pre-Release field investigations, intakes (post-prison and probation), orientations, and specialized services, for individuals released from state and local custody. Enhanced transition services provided at the ARC reduce duplication of efforts and increase the amount of screenings, referrals, and re-entry services available when an individual begins supervision (Post-Prison or Probation). The Health Assessment Team ensures interventions addressing criminogenic factors and social determinants of health are delivered effectively.

Program Summary

The ARC staff meets with justice-involved individuals (JIIs) upon sentencing to probation or after their release from incarceration. These individuals are considered high risk to re-offend, and ARC determines which strategies, supports, and services are most appropriate to reduce the risk of recidivism. Tailored referrals and re-entry services reduce re-offending and increase engagement. Coordinated and immediate service delivery before and after release addresses the individual's needs, including providing proper supports to those with special needs, and enables effective interventions targeting criminogenic factors.

ARC actively works to build partnerships with community based services and organizations, as well as other Multnomah County departments to provide the continuum of care that is needed for newly sentenced, and recently released individuals, including housing, health assessments, treatment access, case coordination, and family engagement.

The COVID-19 pandemic impacted the operations of this program in FY 2021. Staff met with the majority of justice-involved individuals via telephone without impacting the rate of JII's showing for their intake. In person intakes will resume in FY 2022 when it is safe to do so.

Performance Measures

Measure Type	Primary Measure	FY20 Actual	FY21 Budgeted	FY21 Estimate	FY22 Offer
Output	Number of probation and post prison intakes completed	2,766	3,000	2,750	3,000
Outcome	Percent of individuals that are not revoked during the first thirty days from their release from prison	97%	97%	97%	97%
Outcome	Percent of individuals who report as ordered during the first thirty days from their release from prison	96%	95%	95%	95%

Performance Measures Descriptions

Measure 1: FY 2020 Actual and FY 2021 Estimate have been significantly affected by COVID-19. DCJ anticipates numbers will return to normal in FY 2022, as vaccine rollout completes in Summer 2021 and when court backlogs are resolved.
