Executive Summary

The Domestic Violence (DV) unit collaborates with police, District Attorney’s Office, courts and treatment agencies to hold justice-involved individuals (JIIs) accountable and promote individual change. This program supervises adults convicted of misdemeanor and felony level offenses. In addition, the DV unit works closely with the Victim and Survivor Services unit to advocate for the safety of the victims and survivors, and include their voices in creating case plan goals.

Program Summary

The DV unit strives to end the cycle of violence by holding individuals accountable for their actions and giving them the opportunity to make long-term positive changes by engaging in appropriate counseling groups (batterer intervention, mental health, etc.). In addition to working with individuals to address behavior change, Parole-Probation Officers (PPO) in the DV unit work closely with victims/survivors and Department of Community Justice (DCJ) Victim Advocates to develop safety plans that help empower them to break the cycle of domestic violence. DV PPOs regularly attend court to ensure a systematic approach is being utilized in victim safety and accountability of the individual on supervision.

Reducing domestic violence is a priority for Multnomah County. This program increases public safety by holding high risk individuals accountable, promoting victim safety, and building strong collaborative efforts with community partners. This program utilizes evidence-based practices including specialized assessment tools and cognitive behavioral intervention programming that is proven to reduce intimate partner violence. Case management strategies provide individuals the opportunity to change by addressing factors which research has shown to reduce criminal behavior (National Institute of Corrections, 2017).

The Domestic Violence Deferred Sentencing Program (DSP) which provides services to those with first time offenses is in Program Offer 50036.

The COVID-19 pandemic impacted operations beginning in March 2020. PPOs had limited in-person visits to address immediate public safety concerns and address high risk behaviors. Field visits resumed in February 2021 and office visits resumed in October 2021, with staff taking the necessary safety precautions. PPOs are meeting clients face-to-face on a regular basis and have resumed all case management practices.
