**Executive Summary**

Many individuals who commit property crimes are also addicted to alcohol or drugs. In an attempt to decrease additional felony convictions and hold people accountable both the State Department of Corrections and the Oregon Criminal Justice Commission invested monies into comprehensive programming for this population. The funding agencies conduct evaluations of each program and report back to the legislature on the results.

**Program Summary**

DCJ has redesigned its Measure 57 program to focus on opioid-dependent adults and the difficulty in successfully treating these individuals. A close partnership with a qualified community-based program enhances our ability to safely manage these justice involved adults while reducing overdose deaths and criminal recidivism.

CODA is a non-profit provider offering outpatient, residential, and medically assisted treatment options. This agency has particular expertise in treating opioid dependence and in providing services to those in the criminal justice system. A CODA counselor housed at DCJ's Assessment and Referral Center (ARC), is working closely with intake staff to assess treatment needs, make referrals, support treatment engagement, and participate in multi-disciplinary team case management.

The Success Through Accountability, Restitution, and Treatment (START) court is multi-disciplinary in nature, and money is shared by multiple stakeholders. The START program is selective, and provides wrap-around services including treatment, supervision, and transition planning, and mentor-ship. It uses evidence-based practices in collaboration with the Courts, Multnomah County Sheriff's Office, defense attorneys, the District Attorney, Volunteers of America, and DCJ. This program contracts for up to 165 active participants and is a specialty court that the Multnomah County Justice Reinvestment Program (MCJRP) refers to.
