**Program Description**

DCJ provides supervision and services to individuals who have been sentenced for driving under the influence of intoxicants.

Parole and Probation officers supervise and monitor both misdemeanor and felony cases, enforcing conditions set by the court and reporting violations. In addition, DCJ is a partner in DISP (DUII Intensive Supervision Program), a post conviction, voluntary treatment court for individuals with repeat DUII offenses. A collaborative and holistic approach is taken to solving the problems that contribute to creating and perpetuating repeat DUII offenses. DISP combines the treatment court model with intensive supervision. DUII participants are required to have frequent meetings with court-based case managers, electronic alcohol monitoring, frequent and random alcohol and drug testing and long-term treatment with mental health components. Additional conditions of probation include payment of fees, fines and restitution, and driving only with the court's permission. These conditions, more often than not, lead to permanent changes in behavior.
