**Department:** Community Justice **Program Contact:** Travis Gamble  
**Program Offer Type:** Existing **Program Offer Stage:** Department Requested  
**Related Programs:** 50026  
**Program Characteristics:** In Target

**Executive Summary**

The Domestic Violence (DV) unit strives to end the cycle of partner to partner violence by holding individuals accountable for their actions and giving them the opportunity to make long-term positive changes by engaging in appropriate counseling groups (batterer intervention, mental health, etc.). In addition to working with individuals to address behavior change, Parole-Probation Officers (PPO) in the DV unit work closely with victims and survivors and DCJ victim advocates to give them the resources to increase their safety. Adult Domestic Violence Deferred Sentencing program provides services to those with first time offenses.

**Program Description**

Related to program offer (50026), the Adult Domestic Violence Deferred Sentencing Program offer provides two critical service components to the Domestic Violence (DV) unit.

1) Individuals with first time convictions of domestic violence are placed in the Deferred Sentencing Program (DSP). DSP provides individuals access to services that help address their violent behavior patterns. If an individual successfully completes all requirements of DSP, they are not convicted of the initial offense and the case is dismissed.

2) DSP refers DV defendants to intervention services for batterers, which helps prevent their behavior from escalating into further victimization, contacts with law enforcement and subsequent stays in costly jails.

DV PPOs regularly attend court to ensure a collaborative approach is being utilized in victim safety and client accountability. Reducing domestic violence is a priority for Multnomah County. The Adult Domestic Violence Deferred Sentencing program increases public safety by holding individuals accountable, promoting victim safety and building strong collaborative efforts with community partners. DSP program utilizes evidence-based practices including specialized assessment tools and cognitive behavioral intervention programming. Case management strategies provide individuals the opportunity to change by engaging in proven practices aimed to change destructive and violent behaviors which research has shown to reduce criminal behavior (National Institute of Corrections, 2017).
