**Executive Summary**

The Sex Offense Reduced Supervision (SORS) caseload provides supervision for adults convicted of sex offenses who have been identified as low risk for sexual re-offense by validated risk assessment tools. A reduced level of supervision is provided to qualifying clients in order to monitor compliance with sexual offense specific treatment, sex offense registration and special conditions of supervision. This caseload’s staff assists with community safety by reducing risk through continued monitoring of the individual’s behavior while on supervision.

**Program Summary**

The SORS caseload is for adults convicted of sex offenses who have been identified as low risk for sexual re-offense. These individuals have shown compliance via:

- 1) Completing a minimum of one year supervision and treatment;
- 2) Passing a full disclosure polygraph (if medically able and if no extenuating circumstances exist);
- 3) Passing a maintenance polygraph within six months prior to their transfer to the SORS caseload; and
- 4) Having a limited sexual and criminal history.

An individual who meets any of the below criteria is excluded from SORS supervision:

- 1) Having a score of 6+ on the Static-99 assessment tool;
- 2) Having a primary sexual preference for children or sexual arousal to violence;
- 3) Having emotional identification with children; and
- 4) Level 3 Sex designation (may be waived by the manager).

In accordance with the Risk/Need/Responsivity model, the SORS program limits the extent of resources invested in low risk individuals and focuses on allocating the majority of resources to high and medium risk adults convicted of sex offenses. One Sex Offense Specialist Parole-Probation Officer (PPO) supervises the SORS caseload and is required to complete a home visit every six months. The individual on supervision is required to submit monthly reports, report in person every six months, successfully complete a maintenance polygraph every six months, participate in sexual offense specific treatment until discharged, and pay supervision and court ordered fees. Individuals are returned to a high risk caseload if there are any indications of status instability or verified behaviors that present an increased risk to the community or victim.
