

**Program #50041 - DCJ Stabilization and Readiness Program (SARP)** FY 2024 Adopted

**Department:** Community Justice **Program Contact:** Lonnie Nettles  
**Program Offer Type:** New **Program Offer Stage:** Adopted  
**Related Programs:**  
**Program Characteristics:** One-Time-Only Request

**Executive Summary**

The Stabilization and Readiness Program (SARP) will focus on enhancing motivation for treatment, stabilization, skill development and case management services for individuals with severe and persistent mental illness. The program will work with individuals assigned to DCJ's Mental Health Unit (MHU) who are (1) not ready to engage with mental health treatment; (2) are waiting to enter mental health treatment; or (3) are unable to access the appropriate level of care in the community.

**Program Description**

The Stabilization and Readiness Program (SARP) will operate as a low barrier, single point of contact space where individuals with significant needs including mental health, substance abuse, and homelessness can come for stabilization, work on enhancing motivation, develop skills for effectively engaging in treatment, and case management services. Referrals to this program are made from the PPOs in the Mental Health Unit and or directed by the Mental Health Court Judge. By providing this service, MHU will be able to more effectively utilize limited treatment resources, and connect participants to needed treatment and services. The program will also provide attendance, case plan, and participation updates to the Parole-Probation Officer (PPO) and the Court.

SARP will perform the following functions:

- 1) Provide one point of access to meet basic needs such as food, clothing, shelter
- 2) Enhance motivation to engage in treatment to promote stabilization
- 3) Develop skills so that individuals are equipped to engage in and navigate complex community based and governmental systems
- 4) Coordinate with other community behavioral health resources and outreach programs to ensure a continuum of support and services

This was a pilot program that started on 11/30/22 and averages 15 participants per day (75 people per week). The program has served 70 unique clients since its opening.
