Executive Summary

Juvenile Detention protects the community by holding youth in custody when they are awaiting a hearing and have been determined to be a serious risk to public safety and/or are high risk to not appear for court. In FY 2022, 235 youth were brought to Juvenile Detention for intake screening. This offer funds 16 of the 56 beds required to meet the Metro Region's daily detention needs.

Program Description

Though originally constructed with 191 beds, only 48 beds are needed to meet the Metro Region's daily detention needs. Of those 48 beds, a unit of 8 beds must be kept available for youth who identify as female. Clackamas and Washington Counties contract for 19 beds. The remaining 29 beds will house high risk Multnomah County youth who are not appropriate for community placement.

The ability to safely detain delinquent youth is mandated by Oregon law and is essential to community protection. The decisions made to hold youth in detention are based on the results of a validated detention screening system along with policies developed collaboratively among system stakeholders. This system has saved Multnomah County millions of dollars by safely diverting lower risk youth into less costly community placement alternatives. The ability to house tri-county youth in one facility maximizes the use of space and provides the flexibility needed to structure units according to age and gender.

Funding for these 16 detention beds allows for gender responsivity and for intake services and housing arrangements for youth who are: awaiting trial, have violated parole, have serious probation violations, or are on out-of-state holds awaiting return to their jurisdiction.
