Executive Summary

Intake, Assessment, Intervention and Adjudication (IAIA) carries an average daily caseload of 180 youth (12-18). Youth who are at imminent risk of becoming chronic juvenile offenders are identified using validated risk assessment instruments; supervision and services are provided to 400 justice involved youth annually.

Program Summary

IAIA conducts daily intakes, responds to victim and public inquiries, and administers delinquency risk assessments. IAIA communicates with the District Attorney's Office regarding charging decisions, provides valuable information and referral services to the public, and facilitates victim services as mandated by Oregon Victims' Rights Law. Judges rely heavily on IAIA to provide critical information and technical support for daily court docketing and proceedings.

IAIA staff monitor the daily court docket, assist the Juvenile Court with delinquency matters, set court proceedings in motion, and collaborate with Deputy District Attorneys, defense attorneys, State Court Clerk's Office, and Judicial Officers concerning matters of law and court processes including preparation of court reports and recommendations. IAIA staff represent the Juvenile Services Division during these court proceedings.

IAIA administers standardized, comprehensive delinquency risk assessments to identify youth who are at the highest risk to re-offend. Low and medium risk youth age 12 and older who commit low-level delinquent acts are assessed and held accountable via contracts called Formal Accountability Agreements (FAA), instead of being charged, adjudicated and placed on formal probation. FAA conditions may include community service, restitution, a letter of responsibility, school attendance and/or treatment services. IAIA youth who do not comply with agreements or who continue to demonstrate unsafe, illegal behavior can be taken to court and placed on formal probation.

Performance Measures

Measure Type	Primary Measure	FY16 Actual	FY17 Purchased	FY17 Estimate	FY18 Offer
Output	Total number of youth served by IAIA	220	400	300	300
Outcome	Percent of informal youth who do not receive a new criminal referral within one year post disposition	75%	85%	75%	75%

Performance Measures Descriptions

Measure 1 Note: With the implementation of Multnomah County's police diversion program (CHI EI) 315 cases were diverted last year from entering the juvenile justice system. Numbers of informal cases entering juvenile significantly reduced as a result from CHI EI implementation.
