## Program Characteristics:

## Executive Summary

The Mental Health and Addiction Services Division (MHASD) has identified alternatives to inpatient hospitalization as a missing service in the system of care. The Crisis Assessment and Treatment Center (CATC) offers 16 beds of short-term mental health treatment in a secure locked environment as a lower cost alternative to hospitalization for over 600 clients per year. Facility staffing includes physical and mental health professionals and peer support specialists.

## Program Summary

Crisis Assessment Treatment Center Subacute is a short-term stabilization program for those individuals who require a secure alternative to incarceration or hospitalization. It is a critical component in a full continuum of mental health services. Although it works with other community agencies that provide long term-care, the mission of the sub-acute facility is brief intervention when a person becomes a danger to themselves or others due to his/her mental illness. The target length of stay is 6 days. Since the individual remains linked to the community, length-of-stay is minimized and the person is less likely to lose critical recovery supports including Medicaid eligibility and housing. Subacute care is less expensive than hospitalization. Incarceration hinders recovery and strains the resources of courts and the jail. As part of a best practice model for facilities of this type, the proposed treatment team includes consumer positions on staff (Peer Support Specialists) to provide mentoring and linkage to services in the community. These positions are salaried members of the treatment team.

| Performance Measures |  |  |  |  |  |
| :--- | :--- | :--- | :--- | :--- | :--- |
| Measure <br> Type | Primary Measure | FY15 <br> Actual | FY16 <br> Purchased | FY16 <br> Estimate | FY17 <br> Offer |
| Output | Number of admissions that are Multnomah Mental Health <br> members | 431 | 442 | 408 | 408 |
| Outcome | Number of Multnomah Mental Health inpatient (hospital) <br> bed davs per thousand members | 5.5 | 6 | 6 | 6 |
| Output | Number of admissions that are indigent Multnomah <br> Residents |  |  |  |  |
| Output | 59 | 166 | 35 | 35 |  |

Performance Measures Descriptions
${ }^{1}$ Original assumption that this measure was sensitive to change due to opening up a Sub-acute center. This ACA expansion introduced new variables that make this metric no longer valid. Will be discontinuing this year.
${ }^{2}$ Admitted clients would otherwise have been hospitalized or jailed.

## Legal / Contractual Obligation

The Multnomah County Community Mental Health Program is contracted with the state to provide a mental health crisis system that meets the needs of the community.
Oregon Health Authority Intergovernmental Agreement for the Financing of Community Additions and Mental Health Services
Health Share of Oregon Risk Accepting Entity Participation Agreement
