

SUN COMMUNITY SCHOOLS

Bringing the
community
TOGETHER
to support
educational
SUCCESS.

SUN Community Schools in Multnomah County are full-service neighborhood hubs where the school and partners from across the community come together to make sure kids and families have what they need to be successful - in school and in life. SUN Community Schools mobilize and strategically organize community resources to provide:

- **Strong core instructional program**
- **Educational support and skill development for youth and adults**
- **Enrichment and recreation activities**
- **Family involvement and support**
- **Social, health and mental health resources**
- **Family and community events**

At SUN Community Schools, the collective efforts of youth, parents, businesses, faith communities, libraries, and community organizations create a network of supports that ensure academic success, family self-sufficiency, and economic prosperity. SUN Community Schools are open to all ages, preschool to seniors, with a focus on students in the immediate school community.

SUN Community Schools are the school-based service delivery sites for the SUN Service System, a broader system of community-based care and support for children and their families. There are currently 85 SUN Community Schools in 6 school districts across Multnomah County. This includes 39 elementary, 17 middle, 20 K-8, and 9 high schools.

"I can't imagine going to a school where there's not the kind of community-building and family support that SUN has provided our family."
