Executive Summary

The Sheriff's River Patrol Unit partners with the Oregon Marine Board, the Port of Portland, and the U.S. Coast Guard to provide safe commercial and recreational access and passage to the county's 110 miles of waterways along the Columbia River, Willamette River, Sandy River and Multnomah Channel. The River Patrol Unit provides law enforcement and search and rescue services to all river, lake, shoreline and island locations in Multnomah County.

Program Summary

The River Patrol Unit provides protection and intervention for the numerous county moorages, marinas, and houseboat communities. The country's fifth largest port requires unobstructed ingress and egress of commercial ship movement into the region. Marine deputies respond to all life threatening marine calls for service such as boat collisions, drowning, missing persons, and environmental hazards. Deputies provide boater safety education and intervention through classroom, boat inspections and enforcement activities. It is crucial for the local economy that cargo vessels, carrying consumer products, efficiently transport these goods in a timely and efficient manner. In FY 2015, the Port of Portland moved 8,380,848 short tons of cargo through its facilities and there were 352 calls to port terminals by ocean-going vessel. Community livability contributes to a thriving economy and access to work, cultural, and recreational activity is an important element of a thriving economy. River Patrol participates in regional multi-agency marine security drills to promote efficient coordination of first responder resources. This unit provides critical infrastructure security protection along Multnomah County waterways. The Oregon Marine Board contributes approximately one third of the funding needs for the Sheriff's Office River Patrol. The River Patrol Unit is key to emergency preparedness on/near the regional waterways; they participate in numerous agency collaborations and are a significant function to a visible public safety system.
