Executive Summary

MCSO, in partnership with the Department of Justice, the local U. S. Attorney, and other stakeholders, provides public awareness of human trafficking, identifies victims of severe trafficking, and assists victims who are willing to cooperate in the investigation of traffickers to obtain continued presence and/or a temporary visa.

Program Summary

MCSO will develop training materials for officers and investigators to improve their identification of human trafficking victims. In addition to providing training to police officers, MCSO will also train its jail and court personnel to identify trafficking victims who may have been overlooked by the police and other investigators. A key component of this training is the development of written protocols and resource manuals that enhance coordination and sharing of information and resources between law enforcement agencies, victim service providers, and the community. MCSO will develop protocols for resource referral and service provisions for U.S. and foreign born victims of human trafficking. MCSO will continue to work with domestic and foreign born law enforcement task forces, victim service providers, community members, and expand the training to medical personnel, flight attendants, health inspectors, fire marshals, code enforcement, and others to identify the signs of human trafficking. MCSO has developed trusting relationships with foreign born victim service providers in order to work with and assist vulnerable immigrant communities. This outreach consists of a U visa program and human rights outreach and education to improve relationships with immigrant communities that are afraid or distrusting of law enforcement. MCSO realizes that law enforcement must reach out to these communities to prove we are here to help them without fear of jail or deportation.
