

Budget Note: Animal Services Fee Study

Multnomah County Animal Services (MCAS) collects a number of fees, including pet and facility licensing fees and boarding and adoption fees. MCAS has not increased any fees since 2019 after analysis of neighboring counties.

This budget note requests the Chair direct the Department of Community Services (DCS), of which MCAS is a division of, to conduct an Animal Services fee study to be concluded and distributed to the Board of County Commissioners by July 30, 2025.
