RFP NO: 4000005496
TITLE: Substance Abuse Screening and Confirmation Testing for Justice Involved Persons
CLOSING DATE: March 8, 2017 / NOT LATER THAN 4:00 p.m.

This Addendum is issued to the above referenced to RFI make the following changes, additions, deletions, and/or clarifications:

1. Clarification **General**

Question:

Will the clients that are being tested have an assessment and given a diagnose code? Is the program open to having these billed through insurance or just strictly as a direct bill?

Answer:

Most clients will have been assessed and given a diagnosis code indicating medical necessity. Specialty Court clients are judicial referrals and less likely to meet medical necessity requirements. It is expected that any tests that are eligible for insurance or Multnomah County Health Department coverage would billed by the vendor to insurance or Multnomah County Health Department.
