Executive Summary

This Program Offer provides 8 hours of Crisis Intervention Training for all sworn Corrections members. Persons in mental health crisis comprise an ever increasing segment of the inmate population of the Multnomah County Sheriff's Office Jail System. This creates a daily challenge to Corrections Deputies in ensuring the safety and security of all associated with the jail system as well as providing for the needs of the inmate in need of mental health services.

Program Summary

To ensure that all members are fully prepared to understand and appropriately respond to mental health related situations and behaviors, it is necessary to provide them with this training.

This initial base program will provide all corrections deputies with an introductory eight hours of focused training on gaining a greater understanding of mental illness; persons in mental health crisis; strategies for working with the mentally ill; communications and de-escalation techniques; and working with mental health staff in suggesting, following, and enacting longer term care and behavioral plans for individual mentally ill inmates.

This program offer is part of a broader MCSO 5 year plan to bring a parallel level of Crisis Intervention Training to the corrections field as is currently in place in law enforcement. Purchasing this program offer will provide funding for this required training and allow for better public service, cost monitoring and management.
