Executive Summary

The Facility Security Unit (FSU) is the front line security for the Juvenile Justice Complex (JJC). Facility Security Officers (FSOs) are the first contact point for the public and for professional persons, such as attorneys and counselors, entering the JJC. Core FSU functions include public safety and assistance, security, and referral. This is accomplished through one-on-one contact with the public, entry security screening, and knowledge of the criminal justice system. The presence of uniformed FSOs helps deter both disruptions to court operations and criminal activity in the facility.

Program Summary

The Facility Security Officers who work at the JJC are primarily responsible for creating a safe environment for the public, staff, and others who work or visit the JJC. This is done by security screening of all entrants into the facility via x-ray and metal detector screening, the presence of uniformed FSOs, area patrols, and one-on-one contact with the public. Persons entering the JJC may be under the influence of drugs, alcohol, facing the loss of their children, or suffering some other life altering situations, such as time in jail. The FSOs provide a positive presence to assist these persons in successfully transacting their business at the JJC, while keeping disruptions minimal. Disruptions and criminal activity interfere with facility and court operations, which also create difficulties for the families, staff and professional persons conducting court business. All of this can result in higher costs to the tax payer if court and facility functions are disrupted and need to be delayed or postponed. The effectiveness of our work is seen in the low ratio of exclusions from the JJC to the number of persons screened for entry.
