Executive Summary

The Multnomah County Justice Reinvestment Program (MCJRP) is a collaborative effort to improve the assessment of criminal offenders in Multnomah County and provide a continuum of community-based services and sanctions. This combination of early assessment and intervention is provided to reduce recidivism while protecting public safety. Success is only possible through the partnership of the participating MCJRP members. This program provides a Program Administrator position to coordinate a dedicated dorm for Justice Reinvestment programming within the current 1310 system beds.

Program Summary

Research has shown that education provided to incarcerated individuals addressing readiness for addictions treatment and employment can increase an opportunity for success resulting in a potential for reduced recidivism. Bringing a targeted group of offenders together within one dorm allows an increase in access to professionals and programming.

MCJRP eligible inmates will be identified early to allow for pre-conviction services and continue on a more intensive track once formally sentenced. As the process develops, MCJRP participants in the dorm will have the opportunity to act as peers to assist new participants in positive social interactions and role modeling. Already existing in-jail programming will be restructured and partnerships will be expanded to develop additional services in order to remain fiscally responsible and maximize resources. In addition, the increase of multidisciplinary staff within jail housing will offer a positive and productive milieu to promote offender participation. By building rapport between MCSO staff, DCJ, community service providers, and offenders in custody we will encourage healthy relationships and continuity of care once released.

Coordination of intensive in-jail programmatic intervention based on the assessed needs of MCJRP eligible inmates helps increase the likelihood of success in the community post release. In-jail MCJRP intervention requires a partnership between MCSO and the Department of Community Justice to create a dedicated housing location within MCSO's Inverness Jail allowing for saturated in-jail programming and proactive linkage to community providers therefor offering an increased opportunity for offender success upon release.
