Executive Summary

Metro serves Clackamas, Multnomah, and Washington counties, and the 25 cities in the Portland metropolitan area. One of Metro's principle missions is to protect open space and parks. Within this mission, the MCSO Metro Services Unit consists of a detective who enforces disposal laws and Metro's rules and regulations for disposal and two corrections deputies that are in charge of two inmate work crews assigned to cleaning up illegal dump sites.

Program Summary

Through a contract with Metro, a regional government that serves Multnomah, Clackamas, and Washington counties, the Sheriff's Office provides one detective to combat illegal dumping. The detectives in this unit have knowledge of applicable laws and ordinances and work to enforce these laws. This includes (but is not limited to): investigation and surveillance of companies that haul waste to determine if they are disposing of solid waste properly, investigation of incidents of illegal dumping, coordination of efforts to curtail problems and educate stakeholders with issues associated with solid waste, surveillance of chronic dump sites, and the coordination of the legal removal of chronic transient camps.

Illegal dumping is a crime. Illegal dumping is a major problem that raises significant concerns with regard to safety, property values, and quality of life in our community. In addition, it is a major economic burden on local government, which is typically responsible for cleaning up dump sites. If not addressed, illegal dumps often attract more waste, potentially including hazardous wastes such as asbestos, household chemicals, paints, automotive fluids, and commercial or industrial wastes. Health risks associated with illegal dumping are significant. Metro protects open space and parks, plans for land use, and transportation, and manages garbage disposal and recycling for 1.3 million residents in three counties and 25 cities in the Portland, Oregon region. The MCSO Metro Services Unit combats illegal dumping.

Performance Measures									
Measure Type	Primary Measure	FY16 Actual	FY17 Purchased	FY17 Estimate	FY18 Offer				
Output	Number flow control and regulatory cases cited	5	12	7	10				
Outcome	Dollar amount of flow control and regulatory penalties	\$954	\$750	\$750	\$750				

Performance Measures Descriptions

Per Stephanie Rawlings of METRO: Numbers are for the program as a whole and do not reflect the actions of any single individual. Numbers are for flow control cases only. Data from METRO's internal case load manager. The Deputies are also asked to help investigate impacts/damages to Metro properties. These investigations take about two weeks to complete and can be time consuming. 112 flow control cases and regulatory cases investigated only 5 of those cases resulted in citations, the others were closed through education.
