Executive Summary

This program combines Community Resource Deputies and School Resource Officers (SROs). Community deputies assist with emergency preparedness and safety education and regularly meet with the community. SROs are the conduit among schools, law enforcement, and social services. These deputies also provide first-line defense if a violent, active threat is present.

Program Summary

MCSO provides 24/7 public safety coverage for the residents living in the unincorporated areas of Multnomah County. On the eastside, these areas include the Columbia River Gorge and Corbett; the Westside includes Sauvie Island and Dunthorpe. Deputies are first responders to any emergency requiring an immediate response. Working with schools, businesses, and neighborhood associations, deputies seek to understand community needs and using problem solving skills to assess, investigate, and intervene in criminal activities.

The Corbett and Reynolds School Resource Officers work with at-risk children and their families and provide educational classes addressing various issues including drug use. Deputies provide the first necessary step toward intervention. They are not only a stabilizing force for youth, but in many cases act as role models toward the juveniles they encounter daily. SRO activities include: illegal drug enforcement, prevention and education; providing resources for guiding and intervening with at risk high school students by supporting their teachers and parents; and intervening in the exploitation, molestation and physical abuse of children and assisting their families.

A visible public safety system is a critical factor to citizens feeling safe at home, school, work, and play. Evidence through the Bureau of Justice Administration studies shows that community policing is a proven and historical strategy to community safety.
