Program Characteristics:

Executive Summary

The Gresham Temporary Holding (GTH) operation, located at the Gresham Police Department, is designed to reduce transportation time and cost by allowing officers with arrestees to transfer custody to the Sheriff's Office in Gresham, rather than at the Sheriff's main booking facility in downtown Portland.

Operating this Temporary Holding facility provides communities in east county with reduced response time and more available patrol services.

Program Summary

Booking is the process by which the suspected offender on the street becomes the arrestee in custody. Gresham Temporary Holding serves all Law Enforcement agencies in East Multnomah county, safely and efficiently admitting and readying arrestees for transfer to the Sheriff's booking facility at the Multnomah County Detention Center.

Arrestees are screened for appropriate charges and medical concerns, and if found suitable for temporary holding, are admitted into Sheriff's Office custody. The arrestee is searched, arrestee property is receipted, and the arrestee awaits transport to the Detention Center downtown.

GTH saves time for patrol, allowing them to maximize resources and service response for all east Multnomah County residents.

This program was closed during the COVID19 pandemic once medical screening for COVID19 became required at booking. The facility reopened intermittently during downtown disturbances as short-term holding when medical could provide additional screening support for arrestees.

Performance Measures									
Measure Type	Primary Measure	FY20 Actual	FY21 Budgeted	FY21 Estimate	FY22 Offer				
Output	Number of Arrestees accepted	731	1,100	0	700				
Outcome	% of Arrestees accepted successfully transported to MCDC	100%	100%	100%	100%				

Performance Measures Descriptions

Due to COVID-19, MCSO decided on 04/08/2020 to temporarily discontinue GTH operations. This was primarily because MCSO implemented with Corrections Health a process to conduct a COVID medical screening of all arrestees at booking before they are accepted into MCSO custody for the booking process. It was unfeasible for Corrections Health to staff a Corrections Health nurse at GTH for the sole purpose of conducting this COVID Screening. The timing of GTH's reopening is dependent on COVID. It is estimated that for each Adult in Custody accepted at GTH, two hours of officer time is sayed.
