

Division: Corrections Facilities Division

Program Characteristics:

Program Description

MCSO supports Corrections Health by increasing its Clinic Escort Deputy Staff by one at each facility creating a swing shift clinic at Multnomah County Inverness Jail (MCIJ) and the Multnomah County Detention Center (MCDC). This has significantly increased Adult In Custody access to mental health clinicians, physicians, nurse practitioners, and physician assistants. Moreover, the length of appointments and quality of care to Adults In Custody is enhanced with the extended hours of clinician availability.

Previously, clinics only operated during day shift, Monday through Friday. This schedule could not accommodate all Adults In Custody seeking medical or mental health appointments. Other aspects of jail operations which require the presence of an Escort Deputy such as court appearance movements, off-site for work crew projects, kitchen work crews, attorney visits, social services visits and other necessary tasks often limits staffing. These multiple demands on Escorts at times limited the ability to move Adults In Custody for regular medical/mental health appointments due to the lack of Escort Deputy availability. Further expected outcomes of additional clinic access include a shortening of jail stays, lessening of use of force events, increased therapeutic assessments, fewer injuries to Adults In Custody and staff, potential release from custody, and an increased placement of Adults In Custody in the appropriate venues such as the Oregon State Hospital, Unity Center, Hospital, etc.

The Clinic Escort Deputies Program:

- Provides expanded access to medical and mental health services for Adults In Custody

Equity Statement

MCSO, in collaboration with Correctional Health, ensures equitable access to medical and mental health services for Adults in Custody.
