**Program Characteristics:**

**Executive Summary**

Members of the Facility Security Unit (FSU) serve as ambassadors of MCSO, and are often the first contact point for the public and for professional persons entering the Juvenile Justice Center (JJC). Core FSU functions include public safety and assistance, security, and public referral. This is accomplished through one-on-one contact with the public, entry security screening, and knowledge of the criminal justice system. The core functions of the FSU are public assistance and security, ensuring the JJC is accessible to everyone.

**Program Summary**

The Facility Security Officers (FSO) who work at the Juvenile Justice Center (JJC) are primarily responsible for creating a safe, accessible environment for the public, staff, and others participating in the juvenile judicial process.

This mission is accomplished through security screening of all entrants into the facility via x-ray and metal detector screening, the presence of uniformed FSOs, area patrols, and one-on-one contact with the public. Persons entering the JJC may be under the influence of intoxicants, facing the loss of their children, or suffering some other life-altering situation, adding a volatile element to an already complex court process. The FSOs serve as both a security presence and an informational resource to everyone accessing the JJC, aimed at calming tense situations through effective communication and accurate information.

Disruptions and criminal activity interfere with facility and court operations, which also creates difficulties for families, staff, and professional persons conducting court business. This can result in higher costs to the taxpayer if court and facility operations are disrupted, causing them to be delayed or postponed. The effectiveness of the FSO's work is demonstrated in the low ratio of exclusions from the JJC to the number of persons screened for entry.
