Executive Summary

Commissary is a self-sustaining program; it does not utilize funding from the Inmate Welfare Fund (IWF) or the General Fund. Proceeds from Commissary operations are directed into the Inmate Welfare Fund, which provides direct services and products that otherwise may not be funded for the benefit of adults in custody. In addition, Commissary personnel are also included as part of the RSS (Receipt, Stage, and Storage) operations, as support for certain countywide public health emergencies.

Program Summary

Commissary, which is part of the IWF, successfully provides culturally compatible products to adults in custody at competitive pricing. Commissary provides a sense of normalcy to individuals while incarcerated. Available items in commissary include personal hygiene products, stationery, and a variety of food items.

An internal commissary system provides improved contraband control, while allowing adults in custody to buy approved and appropriate items. Commissary promotes positive behavior among the in-custody population, with increased access to purchase a larger variety of commissary items based on their housing location. The Commissary program is an important asset to MCSO's facilities, as both a behavioral management tool and a revenue stream that assists in providing services to adults in custody within MCSO detention facilities. Funds received from Commissary are reinvested to directly benefit adults in custody. The detention facilities do not make a profit from commissary sales. Profits from commissary sales are directed into the IWF, which is then utilized to fund additional support services for detainees including chaplain resources, library materials, as well as assistance to in-custody adults who are indigent. These additional services boost morale and create a better atmosphere for those in custody, as well as detention staff.

As of November 1, 2017, inmate accounts changed to a 70/30 split. Monetary deposits for adults in custody are split with 70% of the funds going to a trust account for spending while in custody, and 30% being applied to debt or other funds owed. This change has significantly increased commissary order size and frequency. Adults in custody, who were commonly indigent due to funds owed, now have the ability to place commissary orders on a more frequent basis.

Additionally, Commissary personnel train routinely as part of RSS operational readiness planning and response. Staff plan in a collaborative partnership with the Multnomah County Health Department, Emergency Management and other county, state, and federal entities to assist in the event of certain countywide public health emergencies.
