The River Patrol Unit provides law enforcement and search and rescue services to all river, lake, shoreline and island locations in Multnomah County.

**Program Summary**

The Multnomah County Sheriff’s Office River Patrol Unit provides protection and intervention for the numerous County moorages, marinas and houseboat communities. The nation’s fifth largest port requires unobstructed ingress and egress of commercial ship movement into the region. River Patrol Deputies respond to all life threatening marine calls for service such as boat collisions, drownings, missing persons, suicidal subjects and environmental hazards.

Deputies assigned to the River Patrol Unit are challenged with addressing the ongoing surrounding abandoned and derelict vessels in and near the waterways of Multnomah County. Deputies provide boater safety education and intervention through classroom, boat inspections and enforcement activities. It is crucial for the local economy that cargo vessels, carrying consumer products, efficiently transport these goods in a timely and efficient manner. In FY 2017, the Port of Portland moved 11,485,311 tons of cargo through its facilities and there were 397 calls to port terminals by ocean-going vessels. Community livability contributes to a thriving economy and access to work, cultural, and recreational activity is an important element of a thriving economy.

River Patrol Deputies participates in regional multi-agency marine security drills to promote efficient coordination of first responder resources. This Unit provides critical infrastructure security protection along Multnomah County waterways. The Oregon Marine Board contributes approximately one third of the funding needs for the Multnomah County Sheriff’s Office River Patrol. The River Patrol Unit is key to emergency preparedness on/near the regional waterways; they participate in numerous agency collaborations and are a significant function to a visible public safety system.
