Executive Summary

This program offer is for the operation of the additional housing unit, Dorm 5 (50 beds), to allow cohort housing/infectious disease management, assist in population management to avoid forced releases, or temporary use when other dorm closures are necessary due to repairs or construction. MCIJ dorms are used to appropriately house adults in custody to ensure safe, efficient, and equitable operation of the jail system. Open dorm housing is the least restrictive for Adults in Custody, providing the most access to programs and activities to help address individual needs. Deputies facilitate access to programs, medical, religious and professional services adults in custody require daily while providing safety and security supervision and direction in the dorms.

Program Description

Dorm 5 will provide additional housing space for Adult in Custody populations. This will allow for cohort housing/infectious disease management, assist in population management to avoid forced releases, or temporarily house those displaced from other housing units due to maintenance or construction.

Deputies facilitate access to program, medical, religious, and professional services adults in custody require daily while providing safety and security supervision and direction in the dorm.

The program’s mission is to ensure that Adults in Custody are treated with dignity and respect during a difficult time as they work through court processes, serve a sentence or a sanction. Staff work to provide opportunities for all adults in custody to have fair and equitable access to a variety of programs and services. Additionally, individuals are provided opportunities to actively engage in addressing their individual needs while in custody in a safe, encouraging and engaging environment.
