Executive Summary

Mental Health and Addiction Services Division operates a 24-hour, 365-day-a-year behavioral health emergency crisis response system, including a 24/7 crisis hotline, a 24/7 mobile crisis outreach and a seven day a week walk-in clinic.

Program Summary

The behavioral health crisis system in Multnomah County is comprised of several interconnected services: Multnomah County Call Center – operated by Multnomah County 24/7, 365 days/year. The Call Center coordinates emergency mental health services for all county residents regardless of insurance status. Interpretation services are available as needed. It also provides the following: deploys mobile crisis resources, provides crisis counseling, provides treatment information and referral, linkage to behavioral health services, community education on suicide prevention, after hours hospitalization authorization for Multnomah Mental Health members, and authorizations for indigent medications, crisis housing and transportation.

Utilization Review - This function provides authorization oversight of Multnomah Mental Health funds and indigent treatment funds for those experiencing mental health emergencies and crisis.

Project Respond – Mobile outreach service that is contracted with a community based organization and is available 24/7, 365 days/year. Project Respond is deployed by the Call Center or Portland Police to provide face-to-face crisis evaluation and triage services to those in crisis regardless of insurance status. In FY16, total number of clients served was 3.350. Hospital Outreach Liaisons- in the Project Respond program assist in diverting individuals in Emergency Departments from Acute care services to appropriate treatment services in the community.

Urgent Walk-In Clinic (UWIC) - Clinic based service contracted with a community-based organization, available from 7:30 a.m. to 10:30 p.m.. Monday - Friday, that provides crisis evaluation, triage, and stabilization on a walk-in basis. The UWIC is the only service available to indigent clients in crisis in Multnomah County with immediate access to a psychiatrist or psychiatric mental health nurse practitioner for medication evaluation and treatment. Clients seen at the clinic are primarily indigent.

Significant Program Changes

Last Year this program was: FY 2017: 40069 Behavioral Health Crisis Services

In FY17, a new community based crisis resource, the Unity Center for Behavioral Health opened. It is too soon to know the impact, and how to adjust and right size current crisis programs, to minimize duplicate entry points or services while still ensuring the crisis continuum can best respond to the behavioral health needs of our community.
