Program Characteristics:

**Executive Summary** 

Commissary operations are a self-sustaining program which utilizes no funding from either the Inmate Welfare Fund (IWF) or the General Fund. Proceeds from Commissary operations are directed into the Inmate Welfare Fund which provides direct services and products that otherwise might not be funded for the benefit of inmates in custody. In addition, Commissary personnel are included as part of the RSS (Receipt, Stage and Storage) staff plan in a collaborative partnership with the Multnomah County Health Department and Emergency Management.

### **Program Summary**

Commissary, which is part of the IWF, successfully provides culturally compatible products to inmates at competitive pricing. Commissary provides a sense of normalcy to the inmates while they are incarcerated. Commissary items available includes personal hygiene items, stationery, and food items.

An internal commissary system provides better contraband control while allowing inmates to buy approved and appropriate items. Commissary promotes good behavior among inmate populations with increased access to purchase a larger variety of commissary items based on their housing location. Profits from commissary sales are directed into the IWF which are used to offer additional services including chaplains, recreational items, and tools for social and educational development and assisting inmates who are indigent.

Commissary personnel train routinely as part of RSS operational readiness planning and response.
