Executive Summary

The Facility Security Unit (FSU) is the front line of defense for persons accessing the Gateway Center for Domestic Violence. The FSOs are the first visible resource providing professional assistance to persons entering the "one-stop" Gateway Center for Domestic Violence Services. The core functions of the FSU are public assistance and security.

Program Summary

The FSU provides security and public information for both the public and professionals transacting business at the Gateway Center facility. This is done by uniformed presence and facility patrols. The FSU works closely with all of the various partners at the domestic violence "one-stop" center to facilitate the needs of the citizens, and staff entering the facility.

Persons entering this facility may be under the influence of drugs or alcohol, facing the loss of their children, or other life altering situations. The FSU is often the first contact for citizens and professionals accessing the facility. The FSU provides security within the domestic violence "one-stop" facility so that people can safely transact business. The FSU, as an MCSO uniformed presence, is a deterrent to disruptions and criminal activities. Disruptions and criminal activity interfere with the facility and domestic violence services, and create difficulties for professionals and families who need to conduct transactions. The effectiveness of the FSU is seen in the low ratio of incidents when compared with the number of persons served at the Gateway Center.
