Executive Summary

A Home for Everyone (AHFE) has prioritized a range of highly effective housing placement and retention strategies in order to significantly reduce homelessness among highly vulnerable adult households including seniors and people recovering from acute inpatient care. This program supports existing programming coordinated through AHFE, including limited duration rental assistance, housing placement and retention staffing, and recuperative care programming to provide stability for hundreds of households per year. All services are delivered through skilled nonprofit partners.

Program Summary

For the majority of people experiencing homelessness, returning to permanent housing requires a combination of a limited duration, highly flexible rental assistance, housing placement and retention support staffing, and access to income acquisition assistance. This housing placement and retention strategy, often referred to as "rapid rehousing" is a recognized national best practice and critical element of the housing placement strategies prioritized through A Home for Everyone to significantly decrease homelessness among highly vulnerable adults experiencing homelessness throughout Multnomah County.

This program continues a range of existing housing placement and retention strategies developed and coordinated through A Home for Everyone, each specifically targeted to meet the needs of seniors and medically vulnerable homeless individuals discharged from hospitals with acute health care needs. These targeted investments in rapid rehousing highly leverage other federal, state and local resources including Medicaid, affordable housing units and permanent rental subsidies to support the needs of seniors and medically vulnerable people experiencing homelessness to secure and retain permanent housing. Services are delivered by multiple highly skilled nonprofit partners that provide:

- Flexible rent assistance and housing placement and retention staffing to assist approximately 200 seniors experiencing or at risk of homelessness into other leveraged permanent housing resources;
- 24/7 recuperative care housing with skilled on- and off-site coordinated medical care and permanent housing placement services.
