**STORM WATER DRAINAGE CONTROL CERTIFICATE FOR
 > 500 SQUARE FEET OF NEW OR REPLACED IMPERVIOUS SURFACES**

Please have an Oregon Licensed Professional Engineer fill out this Certificate and attach a stamped and signed site plan, stamped and signed storm water system details (if determined to be required), and stamped and signed storm water calculations used to support the conclusion. Please note that replacement of existing structures does not provide a credit to the square footage threshold.

Property Address or Legal Description: _____

Description of Project: _____

Construction of an on-site storm water drainage control system is not required. The rate of storm water runoff attributed to the new/reviewed development (during the 10-year/24-hour storm) will be no greater than that which existed prior to the development as measured from the property line or from the point of discharge into a watercourse [MCC 39.6235]. **I certify through the attached stamped and signed site plan and stamped and signed calculations dated _____ that the proposal will meet the requirements listed above.**

Construction of an on-site storm water drainage control system is required. After installation of the drainage control system, the rate of storm water runoff attributed to the development (during the 10-year/24-hour storm) will be no greater than that which existed prior to development as measured from the property line or from the point of discharge into a watercourse [MCC 39.6235]. **I certify the attached stamped and signed site plan, stamped and signed storm water system design details, and stamped and signed calculations dated _____ will meet the requirements listed above.**

NOTE TO ENGINEER: Please check one box above. Multnomah County does not use the City of Portland's storm water Ordinance. As part of your review, MCC 39.6235 requires that you must consider all new and existing structures and impervious areas and determine that the generated storm water is in compliance with Oregon law for a 10-year/24-hour storm event. This Storm Water Drainage Control Certificate does not apply to shingle or roof replacement on lawful structures.
