Youth Project Against Violence Application 2018

We, the Multnomah Youth Commission, established the Youth Against Violence Committee (YAV) in 2011 in response to the growing violence directed towards young people. **The forms of violence we are focused on are: cyber-bullying; school bullying; police brutality; anti-LGBTQ+ violence, gang violence, home & family violence, and sexual & dating violence.** As the official youth policy body for the City of Portland and Multnomah County, we will not tolerate these acts which create a hostile and unsafe environment for all youth throughout our city and county.

We believe strongly that the power to make change stems from us as youth determining our own solutions on issues that we are passionate about. We hosted three Rob Ingram Youth Summits Against Violence to bring youth voice and solutions to these issues. Rob Ingram was a local leader in youth violence prevention who was dedicated to the success of all young people, especially youth of color, in our community. He passed away in 2011.

At our first summit, we heard from local young people about forms of violence they were seeing and experiencing and we created policy recommendation to address them. Our second summit focused on transforming these words into concrete action steps. Our third summit focused on implementing the policy and action steps.

The goal is for you to use the information in this packet to help youth and adults in your community make permanent change happen. You will host your own event to help decrease violence in your school or community. This event could range from pushing for LGBTQ-inclusive policies within your school district, a day of workshops related to one or many forms of violence, an opportunity for youth to engage with adult leaders on these issues, or many other possibilities related to the policy recommendations. **Proposals for events involving participation of adult leaders (teachers, district administrators, elected officials, etc) are highly encouraged.**

*The eight policy areas, recommendations, and action steps are included at the end of this application. Your event **MUST** relate to **AT LEAST** one of the policy recommendations, and **BE FULLY YOUTH-LED.***

Youth Project Against Violence Application 2018

WHAT IS A YOUTH-ADULT PARTNERSHIP?

Adults need to remember these principles:

- 1. Don't expect more from a youth than you would from another adult. If a young person shows up for a meeting 15 minutes late, an adult might think, "slacker." When a fellow adult shows up 15 minutes late, the same person might think, "That's understandable. That person has deadlines and pressures to do youth.**
- 2. Treat young people as individuals; don't make one youth represent all youth. Assure young people that you are interested in their individual opinions, and don't expect them to embody an entire population.**
- 3. Be careful about interruptions when youth are speaking. In many youth-adult relationships, that respect is lacking. Treat youth like you'd like to be treated. Both parties need to respect each other's right to voice opinions without criticism or censure.
→ Remember that your role in a partnership is not to parent. Although being a parent may be the most important role an adult can play, the purpose of youth-adult partnerships is to give both parties a different way to relate to each other.**
- 4. It's okay to ask for help when you don't know how to do something.**

Young people need to remember these principles:

- 1. Criticism doesn't necessarily equate to condescension. Sometimes when adults offer criticism to a youth, they are treating the youth the same way they would a colleague. Remember that adults are used to critiquing others' ideas. Just because they disagree, it doesn't mean they are dismissing you.**
- 2. Adults may not be aware of how capable you are. You can enlighten them by showing them you can handle mature situations.**
- 3. Adults will feel responsible for the success or failure of the project. That is why it is hard for adults to share power and authority. They need reassurance that you are willing to share in the successes and failures.**
- 4. It's okay to ask for help when you don't know how to do something.**

**** This application MUST be written by youth & the summit MUST be youth-led. That doesn't mean that adults can't help. They just can't take over! ****

Now you need to come up with a budget.

In the first column, brainstorm all the individual items you will need to make your project happen. In the second column, consider how much each item will cost. Think creatively in the third column about other places that might donate this item to your project's cause. Finally, decide how much of your grant money would be spent on this particular item in the last column. The maximum grant is \$1000. The first row below shows an example.

What you will need	How much it will cost	Other places that might donate this item	Amount of grant money that will be spent on this item (cost – donation).
<i>Art Supplies</i>	\$150	(\$37.50) <i>Some art stores may offer a discount of at least 20%.</i>	\$112.50 <i>[\$150 - \$37.50 = 112.50]</i>
